 SUSTAINABLE DESIGN lighting design and daylight

10 MOST RELEVANT PEER-REVIEWED PUBLICATIONS:

- 2017 Hrisafovic S. The book *"DIZAJN SVJETLA" (LIGHT IN DESIGN)* in Bosnian language; 120 pages 80 illustrations, full colour. The book explores; firstly the conceptual values of light through history of architecture and art, continuing to talk about light and: place, time, structures, space and materials. The last few chapters are about the process of lighting and design with light in the projects done by the author.
